The Quick Sell: Are you into sour beers?

The tart, salty, citrusy characteristics of the Gose (goe-zuh) can take a multiple experience to begin to enjoy the style. Add in cherries and their bright flavors, and it's a whole new experience to appreciate. Over the past few months, teachers have done even more in ways they never had to in order to help their students deal with and understand new ways of doing the normal things. And, teachers accepted the new requirements, the new ways, the new feelings, the new situations, and nearly without a beat, teachers kept teaching and supporting their students' hearts and minds. Their essential presence in families' lives has us raising an Appreciated Cherry Gose to teachers. Thank you.
