Aptly named, Stout One was our first venture as a brewing company. The combination of malts, roasted barley, and rolled oats builds the foundation of what a stout should be – chocolaty, sweet, and full-bodied. The conversion from simple to complex begins with earthy Fuggles hops and California Ale yeast accentuation. Stout One, as our first foray into a Four Saints' catalog of Great Beer for Great People, gave us assurance that this grand idea was meant to be. We hope you feel the same after enjoying the year-round stout.

Food Pairings: Shellfish, smoked meats, spicy foods, barbequed beef, kielbasa, mole.
